Createspace Independent Publishing Platform, United States, 2011. Paperback. Book Condition: New. 212 x 138 mm. Language: English . Brand New Book ***** Print on Demand *****.The Deepest Dynamic is a book that closes the gap between science and spirituality in a way that others have only speculated about. This book is both for people with a scientific orientation who need a comfortable way to connect with Spirit, and for those with a spiritual orientation who could use a better understanding of the contours of the illusion so as to more readily go beyond it. We introduce the Promise Premise, which uses the cause-mology of The Disappearance of the Universe along with recent developments in the sciences to elucidate the En-Self-ification Principle, the fractal/chaotic/holographic impulse of separation and fragmentation that informs the entire universe. Turns out that, as with so much else, form follows function. The universe, and everything in it, is the way it is for a reason that preceded its emanation. The Deepest Dynamic answers all of the Perennial Questions that humankind has asked throughout the ages--in a humorous, entertaining, and informative way. It is based on *The Disappearance of the Universe*, which is based on *A Course in Miracles*, which is designed to efficiently awaken the reader to the Voice for God within. Nothing less will do!.
